## Spinal Muscular Atrophy

\*Spinal Muscular Atrophy (SMA) is the number one inherited cause of death in children under the age of two.

\*SMA is an often fatal disease that destroys the nerves controlling voluntary movement, which affects crawling, walking, head and neck control and even swallowing.

\*One in 40 persons is a carrier of the SMA Gene.

\*One in 6,000 babies born is afflicted with SMA.

\*SMA can strike anyone of any age, and of any ethnicity.

Thank you for your support over the last eight years. Your help has allowed us to take huge steps toward finding a cure for SMA. With your assistance we have been able to support the most aggressive research throughout the world.

To help celebrate our ninth year, bring a "buddy" to Joshua's Buddies for a morning of exercise, fun and support.

Sincerely,  
*Mari Lynn Ventimiglia*
